

Announcing an Important Change Regarding Your Online Giving

Thank you for your continued support of Covenant Church through online giving! Effectively immediately, we have made an important change in the processing of our online contributions. You will see improvements in the processing of contributions - some immediate, some in the next few weeks.

- Simplified creation of user profiles and return log-ins.
- You will be able to give to any campus without having to create new login profiles.
- And, you will be able to review your contributions history, on demand, within a few weeks of creating your profile.

These exciting upgrades to our online giving will provide better function for you and help improve the efficiency of our ministry accounting. [Read more.](#)

For your security, we are unable to simply transfer your financial information from one system to another, so this transition will require a couple of one-time changes for you.

- You will need to create a new user profile and re-enter your debit/credit card information when you log in to use the new system for the first time. [Go there now.](#)
- If you have a recurring credit/debit card donation you will need to [cancel the old payment](#) and [set up a new one](#). Please make these changes by May 31, 2009.

We apologize for the momentary inconvenience this new system conversion may cause, but the improvements, as you will see, will be well worth the time. If you have any questions, please email us at contributions@covenantchurch.org.

Thank you for your continuing support of Covenant Church!
